## The Rocklin Collection

## Part II: British Commonwealth

## and other private properties

We are pleased to present the final portion of the Rocklin Collection, featuring British Commonwealth. All reigns are covered but with emphasis on the King George V and King George VI era.

The collector had an eye for carefully selecting elusive individual stamps in choice quality. As you will see, he had a particular fondness for Australia and New Zealand.

Also lotted in this auction are two old-time accumulations, which add variety and depth in a number of areas. A significant amount of country collections have been left intact and are conservatively estimated. Viewing is recommended.

The demand for better British Commonwealth has resulted in a shortage of material in the current marketplace. We trust you will enjoy this auction.

## BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. On all lots sold a commission of $\mathbf{1 5 \%}$ on the hammer price will be payable by the buyer. The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

## PAYMENT FOR PURCHASES

3. U.S. funds are acceptable only at the equivalent amount shown on the invoice. Visa and MasterCard are accepted at no extra charge if you include the information on your bid sheet.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of $2 \%$ per month is added to overdue payments, minimum $\$ 5.00$.

## QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) "Key to Cataloguing".
(a) QUALITY. Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described "as is", or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
(b) AUTHENTICITY. Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a "mutually acceptable authority" declines to express an opinion is not normally grounds for the return of a lot.
(c) Returns must be made by registered mail.
(d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
(e) Lots accompanied by an existing certificate are not returnable.

## EXTENSION OF TIME

8. When an opinion from an acceptable authority is necessary, the buyer shall:

## ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation "Est.". It is used where the lot is large or where the actual value has little relation to the catalogue price. It represents the auctioneer's appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization. It is useless for mail bidders to list any bids that are only a low proportion of such estimates.
