Welcome to our first Selected Rarities catalogue of 2014, a year that promises to be one of the most interesting ever for collectors of Canadian stamps and covers. As I write this our winter Eastern Auctions Ltd. sale is only a week away and initial response has been overwhelming to say the least. Two of the three known examples of the 2c Large Queens on Laid paper (Scott \#32) will be sold this year (including the newly discovered single which will be in our October 2014 auction). It seems that there will be no shortage of fine material available to specialists. The market for better material of Canada and provinces remains extremely buoyant and I am sure the opportunities that become available this year will be eagerly anticipated by serious collectors. As has often
 been said, good stamps have to be purchased when they become available.

I am pleased to present another strong offering of British North America in this catalogue. Among the highlights are:

- a New Brunswick 17c full sheet
- a mint Newfoundland two pence scarlet vermilion
- a sound example of the used one shilling orange
- a rare De Pinedo flight cover
- exceptional Newfoundland revenues in choice condition
- A very fine unused Canada 15c Large Queen with script watermark
- 4c and 15c Numeral Issue large die essays (unissued denominations)
- Two mint 50c Bluenose plate blocks
- a full sheet of the spectacular "missing moose" error
- two used postage due sheets with complete marginal lathework
- rare Canadian revenue stamps and proofs

I try to include something for everyone in these one of a kind offerings, so I hope you find something of interest for your collection.

## Autumn 2014 Auction

The 2 $\$$ Large Queen on Laid Paper
As recently reported in the philatelic press, the existence of a third example of the $2 ¢$ Large Queen on Laid Paper was confirmed. The stamp was discovered in a sales circuit book by a collector. He sent the stamp to the Vincent Graves Greene Foundation for a certificate, who after much study and consultation issued a certificate of genuineness in 2013. A full report can be found on the Foundation's website.

This discovery was the first in many decades. The other two examples have certificates dated 1935 from the RPS in London, England. All three singles are faulty to some degree.

We are pleased to have been selected to sell this stamp. It is in our opinion the finest of the three known examples, possessing superior centering and freshness of colour, as well as displaying a dated Hamilton postmark. It will be offered in our October 2014 auction.

Obviously the demand for catalogues will be heavy for this auction and is a great opportunity to consider consigning. Why not get in touch to discuss your holdings?
