Western Postal History

The impressive collections from the estate of Dr. Don Thompson – beginning with rarities of the First and Second Riel Rebellion emanating from his award winning exhibit. This concise and historically significant section is followed by his Territorial postal history collections. Of particular note are the outstanding Red River Settlement, Northwest Territories “NWT” and District of Keewatin “KEE” postmarked covers, without any doubt among the very best ever assembled. Seasoned collectors will certainly appreciate the fact that many of these covers rarely surface on the marketplace.

RIEL REBELLION

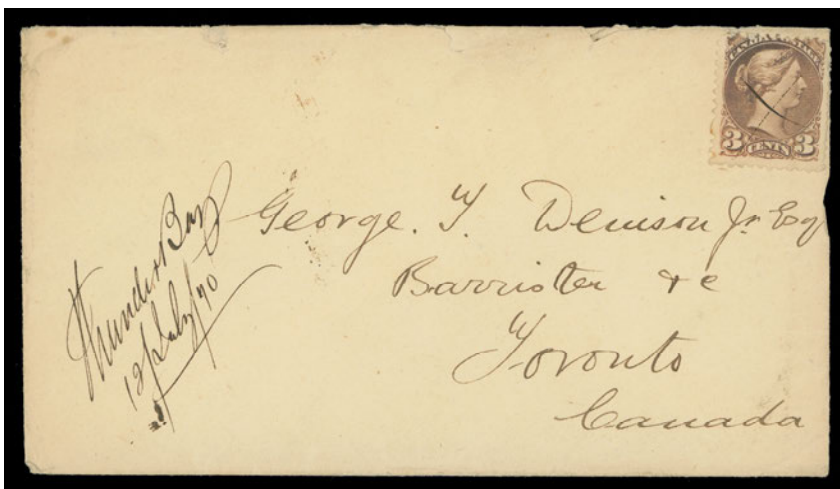

554

555

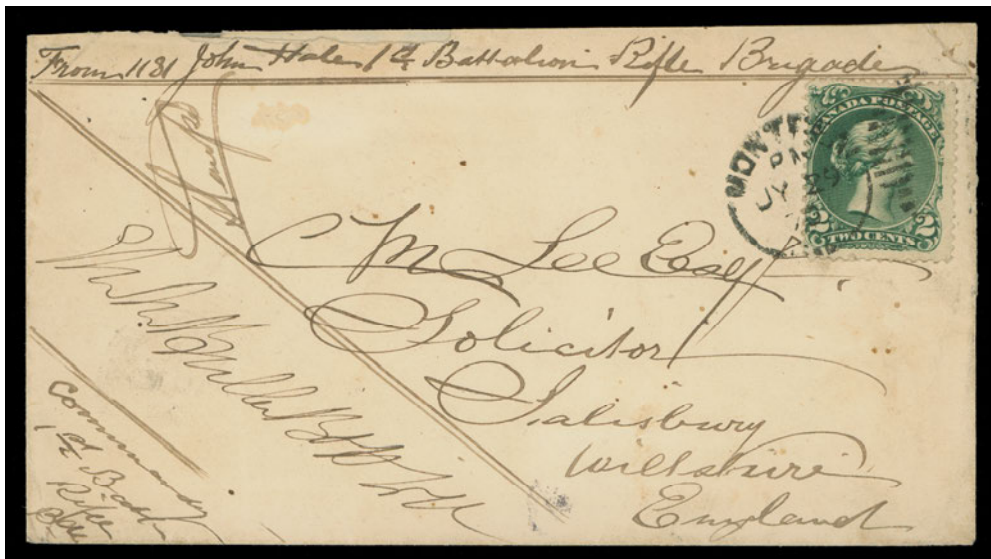

- 554 ★ **Riel Essay** Prepared but never issued - printed in red without denomination showing bilingual inscriptions "Republique Canadienne / Canadian Republic" in oval, an unused example on watermarked paper (rare as such), in sound condition with small to large margins. A nice example of this little known item; no records of the Riel essay seem to exist. An early source (R.A. Jamieson, Popular Stamps, February 1944) mentions: (they) belong to the "Provisional Government" of the first uprising. Whatever the chain of events leading to this essay, it is a very interesting and seldom encountered item, VF **Est. 1,000.00+**
- 555 ★ **Riel Essay** A similar lot, printed in red but on unwatermarked wove paper, clear margins except at bottom left just touching design, otherwise sound and very scarce, fewer than ten are known to exist in red, F-VF **Est. 750.00**

- 556 ☒ **First Riel Rebellion - Officer's Letter** franked with 3c copper red (First Ottawa printing), perf 12, oxidized and pen cancelled, "Thunder Bay 12 July / 70" manuscript dispatch (post office had recently opened on November 1st, 1869) this being the earliest recorded date. Mailed by Officer Frederick Denison while the expedition, lead by Colonel Wolseley, was heading west to the Red River (same hand writing as the Saint Cloud cover; see Lot 558). Faint partially legible Toronto JY 16 receiver. A very rare Expeditionary Force cover - we are only aware of one other 3c Officers' Letter (sent also from Thunder Bay on June 26, 1870) mailed during the First Riel Rebellion, Fine (Unitrade 37b) **Est. 750.00+**

The special Officers' rate ended after December 31, 1869. Starting January 1, 1870, officers had to pay same postal rates as the general public. In this case, the 3 cent postage was duly paid.

**SOLDIER'S CONCESSIONARY RATE
FRANKED WITH TWO CENT LARGE QUEEN**

- 557 ☒ **First Riel Rebellion - 1870 (July 29)** Soldier's Letter endorsed "1st Battalion Rifle Brigade" en route to Fort Garry; countersigned by his commander, franked with a single 2c dark green Large Queen on medium wove paper, nicely tied by Montreal JY 29 70 duplex to Salisbury, England with neat AU 10 receiver on back. This cover was sent at the special 1 penny (or 2 cents) concessionary rate for soldiers, regardless of their location in the British Empire. A few minor edge flaws to envelope only in no way detract and are of no importance for this highly significant military cover. The only known 2 cent Soldier's Letter rate cover from the First Riel Rebellion, Very Fine (Unitrade 24) **Est. 15,000.00+**

Provenance: Charles deVolpi Fur Trade Collection, May 1982; Lot 129
Sam Nickle, Firby Auctions, January 1996; Lot 335

AN IMPORTANT MILITARY RATED COVER FRANKED WITH A LARGE QUEEN STAMP FROM THE EXPEDITIONARY FORCES EN ROUTE TO FORT GARRY. UNIQUE.

**THE SAINT CLOUD COVER DELIVERED BY
SPECIAL CARRIER FROM FORT GARRY, MANITOBA**

- 558**  **First Riel Rebellion** - The well documented and historically significant cover with four-page (cross written) letter datelined Fort Garry 24th August, 1870 from Frederick C. Denison - the first man to enter the Fort after Riel's departure, giving a first person account of the Arrival of Colonel Wolseley's Expedition at Fort Garry. It reads in part:

"... at the beginning of the town, one of the people told Col. W. that Riel and his crew were in the Fort, this we hardly believed-still the gates were closed... I galloped up the gate and completely around the Fort, found the gate opening on the Assiniboine open, a few men in it and some of the natives making tracks over a small bridge... I found some papers from Riel's room-Riel left the Fort only half an hour before us in a great hurry-did not even burn his letters-the remains of his breakfast on the table... It was very annoying that Riel did not show fight after our coming all this way."

Envelope franked with U.S. 12 cent black, F Grill (Scott 97) to pay the double letter rate to Canada. Mailed from Fort Garry where US stamps were available, carried by special courier to Saint Cloud where it was cancelled by circular Saint Cloud, Min. SEP 1 at left and sent to Toronto with light SP 5 70 receiver backstamp. An extraordinary First Riel Rebellion cover and an outstanding showpiece, Fine **Est. 5,000.00+**

RED RIVER SETTLEMENT

THE FAMOUS TWINS "PEM" & "BINA"

631 1857 7½p Green on Medium Wove Paper, Imperforate

The magnificent re-united pair, postmarked PEMBINA / NOV 2 (1858 North Dakota). It originated from mail coming from the Red River Settlement. Its story has been recounted in no less than three philatelic journals (1) (2) (3) in articles written by philatelist Guy Des Rivières. Dr. Lewis Reford, an authority on Canadian stamps who owned the right-hand stamp (his friend Colonel O'Meara had the left), won an agreement to finally own the pair, which he re-united and sensibly hinged back together. Upon his death, Reford willed the pair to the Colonel, where it remained until the latter's death in 1952. This remarkable item resided in the Thompson collection for more than 20 years.

Both stamps are sound with fresh matching colour and ample margins all around. Very Fine (Unitrade 9)

Est. 15,000.00+

About 1857 the U.S. extended their mail service to Pembina, North Dakota on the border of the Hudson's Bay Territory and then by private carrier to Fort Garry (65 miles north). The postmaster at Fort Garry received a supply of Canadian Pence issues in 1857. At other times, Fort Garry sold U.S. stamps to prepay the rate from Pembina to destination.

Expertization: 1995 Greene Foundation certificate

Provenance:

Left stamp - Sold at auction in London (circa. 1906) and found its way into Colonel O'Meara collection, until 1936.

Right stamp - Sold at auction in New York (circa. 1921), purchased by Dr. Lewis Reford, bears his small circular "R" owner's backstamp.

Re-united pair - Dr. Lewis Reford until his death May of 1949.

Willed to Colonel O'Meara until 1952

Canada

Rawdon, Wright, Hatch & Edson, New York.

Strong areas represented are Pence, Admirals, Airmails, Plate Varieties with early re-entries, modern errors; a nice collection of Postal Stationery cards with elusive postal rates, frankings and markings.

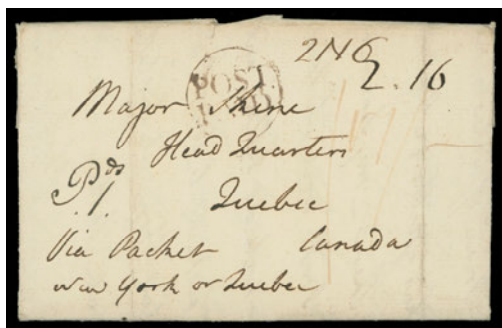

The selection of large lots and collections is unusually strong (and bulky) presenting classic stamps to postal history – we firmly recommend allowing plenty of time to view these lots as they will offer great potential to acquire useful material for your collection.

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

BIDDING

1. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 15% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

PAYMENT FOR PURCHASES

3. **U.S. funds are acceptable only at the equivalent amount shown on the invoice.** Visa, MasterCard and Paypal are accepted at a charge equal to 3.5% of the hammer amount. Please include the information on your bid sheet.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
 - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
 - (e) Lots accompanied by an existing certificate are not returnable.

EXTENSION OF TIME

A NOTE ON HINGING

Bidders are reminded that, in accordance with industry standards, hinging is not described with respect to used stamps or stamps and proofs that were printed without gum. Hinging on these items is irrelevant to their condition and value. If hinging is important to you in such cases please contact us before bidding and request further information. **We will not accept the return of used stamps or ungummed items due to hinging.**

Hinging on mint stamps is always disclosed, however, never hinged status should not be expected unless specifically stated “never hinged” or “NH”.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. **It represents the auctioneer’s appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization.** It is useless for mail bidders to list any bids that are only a low proportion of such estimates.
