OF THE 1851 SIX PENCE ON LAID PAPER**

- 868 ★ 2, 1851 6p Slate Violet on Handmade Laid Paper, Imperforate** An incredibly rare mint single showing clearly visible prominent laid lines, strong colour and the distinctive impression found on this first issue; trivial light soiling and inside outer frameline at foot, otherwise clear to large margins all around and more importantly still retaining a large portion of its characteristic thin semi-transparent original gum, characteristic of the 1851 issue. Seasoned collectors are well aware that the Six pence Consort on laid paper in mint original gum condition is much scarcer than the more highly catalogued Twelve pence black. A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
 - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
 - (e) Lots accompanied by an existing certificate are not returnable.

EXTENSION OF TIME

8. When an opinion from an acceptable authority is necessary the buyer must request an extension from Eastern Auctions Ltd. prior to the auction. The buyer must pay for the lot in full (a refund will be issued in the event of an unfavourable opinion). Eastern Auctions Ltd. will then submit the lot on the buyer’s behalf to one of the following:
 - Vincent Greene Foundation (Canada and BNA)
 - Philatelic Foundation (USA)
 - BPA or RPSL (British Commonwealth)
 - Sergio Sismondo (World except USA)

EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
 - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
 - (c) We are not responsible for expenses on the return of any lot.

SALES TAXES

10. Canadian residents will be charged GST or HST as appropriate for their mailing address. Foreign residents are liable for GST only on the buyer's premium.

CONDITION

The various grading of stamps are in order; **Extremely Fine; Very Fine; Fine and Very Good.** In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected. Minor perf separation can be expected on larger multiples.

Mixed condition: in large lots, a range of condition can be expected, from small faults to Very Fine.

GUM

| | |
|----------|--|
| NH | Never Hinged – with full original gum in Post Office state and unmounted. |
| LH | Lightly Hinged – with full original gum showing some evidence of a previous hinge. |
| OG | Original gum – showing some evidence of a previous hinge, a portion of which may still be present. |
| Part OG | Part original gum. |
| Unused | Unused without original gum, or regummed. |
| Ungummed | Without gum as issued. |

A NOTE ON HINGING

Bidders are reminded that, in accordance with industry standards, hinging is not described with respect to used stamps or stamps and proofs that were printed without gum. Hinging on these items is irrelevant to their condition and value. If hinging is important to you in such cases please contact us before bidding and request further information. **We will not accept the return of used stamps or ungummed items due to hinging.**

Hinging on mint stamps is always disclosed, however, never hinged status should not be expected unless specifically stated “never hinged” or “NH”.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. **It represents the auctioneer’s appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization.** It is useless for mail bidders to list any bids that are only a low proportion of such estimates.
