The Highlands Collection

Opportunity

Once every decade or two a truly outstanding collection of Canada and Provinces comes to auction. Participation in such an event is a great opportunity, one not to be missed. Decades of diligence and patience are required to put together such a holding, leaving collectors with perhaps only one or two chances in their entire lifetime to acquire an item. Some lots in this sale have not been available for over forty years.

Provenance

Dale-Lichtenstein, Pack, Green, Baillie, Wellburn, Reford, Cartier, Ferrary, Burrus – these are just a few of the historic name sales that instantly come to mind. These great philatelists purchased only the best. In today's market, provenance is a key factor in determining the desirability and price of a particular item.

Quality

The Highlands Collection features hundreds of Canada and Provinces rarities, with the classic era being particularly strong. Proper advice is an essential ingredient when judging what to purchase and this collector had some of the best. A concerted effort was made not only to acquire great rarities, but to secure them in the highest attainable condition. Superlatives abound in our lot descriptions and they are well justified.

This is the last of three special catalogues featuring the Highlands collection of Canada and Provinces. It has obviously been a great pleasure to handle such an extensive collection of premium quality items. In the years ahead 'ex Highlands' will be a provenance highly valued by collectors. I hope that you will take advantage of this final opportunity to add a few gems to your collection. As Robson Lowe once remarked 'quality remains long after the price has been forgotten'.

From July 23, 1853 to early 1856, the US steamboat service was extended to Saint John and letters, such as the one offered (carried on steamer Admiral), were carried between Saint John, Eastport, Portland and Boston before travelling to their respective US addresses.

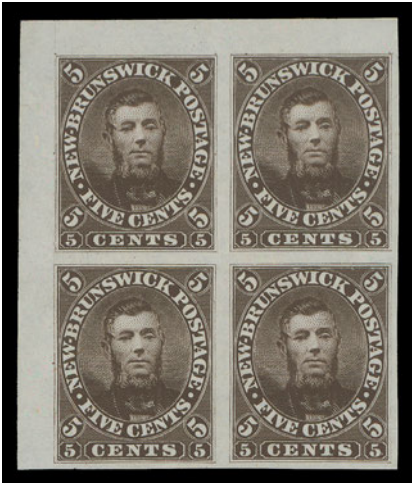

- 41 ☉ **1-3, 1851 3p Dull Red, 6p Yellow and 1sh Bright Red Violet** The set of three singles with manuscript cross cancels, each with gorgeous fresh colours; 3p touching design on one side, otherwise with full to large margins. Presumably done as specimens for archival purposes; a visually striking and rare set of "specimen" stamps, Fine to Very Fine **Est. 2,500.00+**

Provenance: Edward Tresoldi Granger, H.R. Harmer Ltd., October 1958; Lot 259 - described as "early print and of brilliant colour and with part gum. The stamps are all cancelled (all undoubtedly "specimens") with a cross in ink".

- 42 P **5 variety, 1860 5c Charles Connell** A very large margined imperforate single in a chocolate brown shade - very similar to the unissued stamp, printed on thick gummed wove paper (0.004" thick); couple tiny peripheral pinholes and minute edge thin. Despite these imperfections Argenti noted that this imperforate is "rare, if not rarer, than the genuine perforated Connell stamp". Very few exist in any condition, VF appearance; 2019 Greene Foundation certificate **Est. 500.00+**

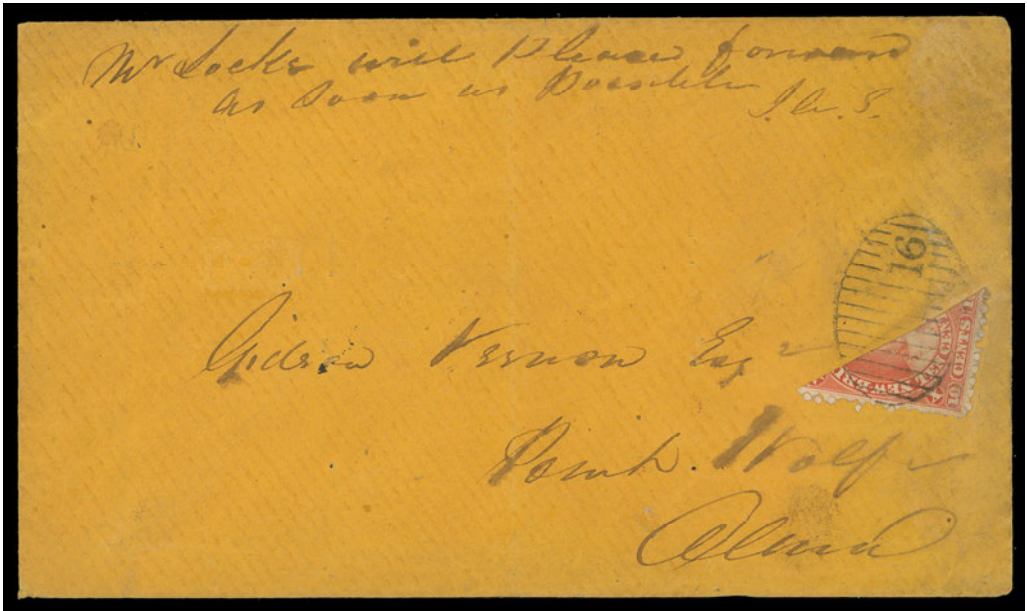

- 43 **P** **5P, 1860 5c Charles Connell** Corner margin plate essay block of four, printed in dark brown on india paper, VF and attractive **1,200.00**

Includes a handwritten letter from Kasimir Bileski, mentioning that the block originated from the Lewis Reford collection (dispersed in 1950-1951).

- 45 ☒ **1866 (October 30)** Small envelope mailed to Moncton with a striking franking consisting of single and strip of four of the 1c red lilac Locomotive, all tied by light oval mute grid cancels, large portion of Bend of Petitcodiac, NB OC 30 1866 rimless receiver backstamp; an appealing and scarce multiple franking paying the five cent domestic letter rate, VF (Unitrade 6) **Est. 500.00+**
- 46 **★** **7a, 1863 2c Orange** A bright, fresh unused vertical pair, imperforate horizontally, without gum as are all known examples; unusually well centered and choice, VF **950.00**

- 47 ☒ 1860 (June 30) Orange envelope from Harvey to Point Wolf, Alma, NB, bearing a diagonal bisect of the 10c vermilion used for the 5 cent domestic letter rate; somewhat soiled at right lightly touching stamp which is superbly tied by oval grid "16" (RF 9) cancellation, clear Harvey JU 29 1860 double arc dispatch on reverse, a Fine and very scarce bisect cover with an XF numeral cancel; 1980 BPA certificate (Unitrade 9a) **Est. 750.00+**

A legitimate in-period provisional usage of the bisected 10 cent, which was in effect as of May 1860. This was a temporary solution for the controversial and suppressed 5 cent Connell stamp which was never issued. The 5 cent Queen Victoria (Scott 8) is said to have been issued in or around July 18.

- 48 ☒ 1860 (June 13) Blue folded cover in clean condition mailed from Newcastle to Moncton franked with a choice diagonal bisect of the 10c vermilion used for the 5 cent domestic letter rate, tied by a clear oval grid "21" (RF 7), Newcastle, NB JU 13 double arc dispatch on reverse and partially legible next-day Bend of Petitcodiac (Moncton) receiver. A lovely bisect cover with a clear numeral grid cancel, VF; 1935 RPS of London certificate (Unitrade 9a) **Est. 750.00+**

- 49 ★ 10, 1860 12½c Indigo An impressive, very well centered mint block of nine, post office fresh with intact perforations, a few typical uncleared perf discs, showing unusually clean and full original gum with four stamps NEVER HINGED. A superb multiple and much nicer than normally encountered, VF; ex. J. R. Saint (June 2000; Lot 598) **2,125.00**

- 50 ☒ 1864 (June 25) Large folded cover from Saint John to Harvey, a spectacular high value franking consisting of a 5c green, two pairs of 10c vermilion and two 17c black, all tied by light oval mute grid cancels, light REGISTERED / LETTER No. "1392" (in manuscript) two-line handstamp in red struck below, with superb strikes of double arc Saint John JU 25 dispatch and Harvey JU 28 receiver; cover slightly trimmed with faults such as sealed tears, understandable considering its heavy content. A stunning 79 cent domestic registered cover and THE SECOND HIGHEST RECORDED FRANKING of the entire New Brunswick Decimal period also showing an extremely rare multiple usage of the 17 cent stamp, Fine (Unitrade 8, 9, 11) **Est. 7,500.00+**

Interestingly enough, James Lehr wrote the following observation "an interesting variety is the 6¢ value perforated throughout perf 12½ (Machine E). The One penny Heraldic was used as the 2 cent green (Scott 24a) did not appear until mid-November 1865. It paid the printed matter / circular rate of 2 cents (equal to 1 penny) effective as of April 7, 1865. According to Pratt only two covers were reported postmarked during this Interim Period. The more recent census by Sam Whaley "Newfoundland: 1865-1879" see Supplement: Pence / Stampless Paying Cents Rates, pages 246-248, lists and illustrates four covers, surprisingly all postmarked on July 25, 1865. This circular rate cover offered here is unrecorded in both census.

THE EARLIEST AND IN OUR OPINION FINEST KNOWN CIRCULAR RATE COVER MAILED DURING THE INTERIM PERIOD FRANKED WITH A ONE PENNY STAMP.

THE PERKINS BACON "CANCELLED" HANDSTAMP

It has been well documented that Ormond & Pearson Hill, sons of Sir Rowland - the inventor of the postage stamp, sent a request to J.B. Bacon in 1861 for specimens of stamps printed by the firm for friends who were collectors. The printer provided up to 6 examples (in a block when available) of all recent issues. However, the situation did not sit well with Penrose Julian, the Agent General for the Crown Colonies, who took offence for not being advised. Since these postage stamps were supplied to respected gentlemen and were cancelled to avoid any possibility of defrauding the government, Perkins, Bacon saw no misconduct in supplying them. In October 1861 however, the printer was instructed to return to the Crown Agents all dies, rollers and plates in their possession. By late the following year Perkins, Bacon had lost most of their Colonial stamp printing contracts to their rivals, De La Rue & Co.

- 103 ★ **11A, 11Ai, 1861-1862 3p Green on Thin Hard Wove Paper, Imperforate** A stunning mint sheet of eighty stamps of this popular classic triangle; several creases but displaying fresh colour and showing full sheet margins, more importantly it also shows the complete papermaker's watermark "STACEY WISE / 1858" running through eleven stamps, full original gum - all stamps appear to be never hinged. An excellent opportunity to acquire one the rarest sheets of Newfoundland, Very Fine appearance (Unitrade cat. over \$30,000 as NH singles) *(Illustrated on Page 63)* **Est. 7,500.00+**

An exceedingly rare complete sheet, in fact we are aware of only two others in private hands. One we sold in the St. Aylott sale in 2010 - it is unwatermarked, has overall foxing and lacks sheet margins. A report of a third sheet in Europe has not been verified.

The sheet offered here is in all probability unique and is perhaps the only sheet of any denomination to display the complete watermark.

Literature: Illustrated and discussed in Dalwick & Harmer "Newfoundland Air Mails" 1984 edition on pages 36-37.

The revised edition of "Newfoundland Air Mails" by Dalwick & Harmer states: "at least four Martinsyde covers have come to light and two of these are exceptional". They are referring to one cover franked with two 2c Caribous [sold in Highlands Part II sale] and this cover, observed as: "The other envelope, equally exciting and doubtless also unique was sent to a lady in London... must rank amongst the most highly prized airmail covers, although on two attempts they flew only a few hundred yards."

Although the Martinsyde "Raymor" got off the ground before the successful Alcock-Brown Vickers flight, it soon failed, as it did on two other attempts May 18 and July 17, resulting in the airplane being wrecked shortly after takeoff, but without casualties. Shortly after the first attempt, Major Morgan returned to England for medical reasons. After the third attempt, Major Raynham personally hand carried the mailbag upon his return to England by ship; only to be delivered months later to the British postal authorities on January 7 where all known Martinsyde covers were backstamped with the London F.S. 66 7 JA 20 double ring datestamp.

A FAMOUS AND HIGHLY PRIZED PIONEER AIRMAIL COVER OF UNIQUE STATUS.
FEWER THAN 20 COVERS HAVE BEEN REPORTED FRANKED WITH A 3 CENT CARIBOU.
THIS IS THE SOLE EXAMPLE OF THE RARE MARTINSYDE MANUSCRIPT ON THE 5 CENT.

THE PLACING OF A BID SHALL CONSTITUTE ACCEPTANCE OF THE CONDITIONS OF SALE

BIDDING

1. The auction is conducted in Canadian dollars. All bids are per lot, as numbered in the catalogue. Eastern Auctions Ltd. reserves the right to withdraw any lot prior to sale, to divide a lot or to group two or more.
2. The highest bidder shall prevail at one advance over the next highest bid. Should a dispute arise between bidders, the decision of the auctioneer as to the successful bidder or the re-offering or resale of the lot in dispute shall rest entirely in the judgment of the auctioneer. **On all lots sold a commission of 18.5% on the hammer price will be payable by the buyer.** The auctioneer shall regulate the bidding and reserves the right to refuse any bid believed by him not to be made in good faith.

PAYMENT FOR PURCHASES

3. U.S. funds are acceptable only at the equivalent amount shown on the invoice. Visa, MasterCard and Paypal are accepted at a charge equal to 3.5% of the hammer amount. Please include the information on your bid sheet. We also accept cheques at no extra cost.
4. Payment for lots, including those on which opinions are desired under Condition of Sale 8, shall be made as follows:

A successful mail bidder will be notified of lots purchased and must remit before the lots are sent. A person known to us, or who furnishes satisfactory references, may at our option have purchases forwarded for immediate payment. Delivery will be to the address on the bid sheet. Proof by receipt of sending at the advised address shall constitute delivery. Postage and insurance are payable by the buyer.
5. Title shall not pass to the buyer until Eastern Auctions Ltd has received full payment.
6. Buyers agree to pay for lots as specified above and no credit is extended, a late payment charge of 2% per month is added to overdue payments, minimum \$5.00.

QUALITY AND AUTHENTICITY

7. Each lot is sold as genuine and correctly described based on individual description as modified by any specific notations in this catalogue including (but not restricted to) “Key to Cataloguing”.
 - (a) **QUALITY.** Any lot, description of which is incorrect, is returnable within forty-five days from closing date of auction. If the opinion of a mutually acceptable authority is desired, this period will be extended as noted in Condition 8. All disputed lots must be returned intact in the condition received. Photographed lots are not returnable on account of centering or perforations. Lots containing more than twenty stamps, described “as is”, or described as having faults are not returnable for any reason. Bidders who have had an opportunity to examine the lots prior to the sale may not return the lots.
 - (b) **AUTHENTICITY.** Any lot, which is declared other than genuine by a mutually acceptable authority is returnable, provided the lot is received within a period of four weeks from the date of the auction. Proof that a “mutually acceptable authority” declines to express an opinion is not normally grounds for the return of a lot.
 - (c) Returns must be made by registered mail.
 - (d) Lots marked or encapsulated by an expert committee are not returnable for any reason.
 - (e) Lots accompanied by an existing certificate are not returnable.

EXTENSION OF TIME

8. When an opinion from an acceptable authority is necessary the buyer must request an extension from Eastern Auctions Ltd. prior to the auction. The buyer must pay for the lot in full (a refund will be issued in the event of an unfavourable opinion). Eastern Auctions Ltd. will then submit the lot on the buyer’s behalf to one of the following:
 - Vincent Greene Foundation (Canada and BNA)
 - Philatelic Foundation (USA)
 - BPA or RPSL (British Commonwealth)
 - Sergio Sismondo (World except USA)

EXPENSES OF CERTIFICATION

9. Expenses shall be borne by the buyer except where the lot is other than as described and is returned within the conditions set forth above. Our responsibility is expressly limited to:
- (a) The actual cost of the opinion if up to \$30.00 or less, or
 - (b) The cost of the opinion up to 5% of the sale price but not exceeding a maximum of \$100.00.
 - (c) We are not responsible for expenses on the return of any lot.

SALES TAXES

10. Canadian residents will be charged GST or HST as appropriate for their mailing address.
Foreign residents are liable for GST (5%) on the buyer's premium only.

KEY TO CATALOGUING

SYMBOLS & MAJOR ABBREVIATIONS

★	Mint	⊙	Used	E	Essay
☒	Cover	(/)	Incomplete Set	F	Forgery
(-)	Complete Set	R	Reprint	P	Proof
◆	Graded Stamp	CDS	Circular Date Stamp	L	Literature

CONDITION

The various grading of stamps are in order; **Extremely Fine; Very Fine; Fine and Very Good.** In the case of sets, large blocks, sheets, etc., the condition quoted represents the average and quality above and below this standard can be expected. Minor perf separation can be expected on larger multiples.

Mixed condition: in large lots, a range of condition can be expected, from small faults to Very Fine.

GUM

NH	Never Hinged – with full original gum in Post Office state and unmounted.
LH	Lightly Hinged – with full original gum showing some evidence of a previous hinge.
OG	Original gum – showing some evidence of a previous hinge, a portion of which may still be present.
Part OG	Part original gum.
Unused	Unused without original gum, or regummed.
Ungummed	Without gum as issued.

A NOTE ON HINGING

Bidders are reminded that, in accordance with industry standards, hinging is not described with respect to used stamps or stamps and proofs that were printed without gum. Hinging on these items is irrelevant to their condition and value. If hinging is important to you in such cases please contact us before bidding and request further information. **We will not accept the return of used stamps or ungummed items due to hinging.**

Hinging on mint stamps is always disclosed, however, never hinged status should not be expected unless specifically stated “never hinged” or “NH”.

ESTIMATED VALUES

If an estimated cash value is given, it is shown in the description and always indicated by the abbreviation “Est.”. It is used where the lot is large or where the actual value has little relation to the catalogue price. **It represents the auctioneer's appraisal of the true CASH value of a lot and the figure is invariably close to the actual realization.** It is useless for mail bidders to list any bids that are only a low proportion of such estimates.
